## Community Living Belleville and Area Multi-Year Accessibility Plan (2014-2018)

## Introduction

Community Living Belleville and Area is an accredited non-profit organization that has provided a range of services and supports to adults and children with intellectual disabilities for over 60 years. Guided by our corporate Mission and Vision, we are committed to supporting people with disabilities through the promotion of their own individual empowerment and autonomy over their own lives. The supports and activities provided are determined by the person and/or their families or other support networks. These supports enable people to participate in the life of the community, lead active and productive lives and discover, celebrate and further develop the capacities that lie within.

In 2005, the Government of Ontario passed the *Accessibility for Ontarians with Disabilities Act* (AODA) with the goal of making the Province of Ontario accessible by 2025. With this legislation comes phased in accessibility standards that businesses and organizations in Ontario must embrace, and commit to meeting, so that people with disabilities have more opportunities to participate in everyday life. To help public, private and not-for-profit organizations identify, prevent and remove barriers to accessibility, the AODA sets out accessibility standards which include:

- Customer Service,
- Information and Communication,
- Employment,
- · Transportation, and
- Built Environment.

The Accessibility Standard for Customer Service was the first standard to become law as Ontario Regulation 429/07 on January 1, 2008 and took effect on January 1, 2010. Community Living Belleville is in full compliance with this standard:

- AODA policy and procedures are in place; these documents are posted for all staff to review in our Intranet.
- AODA policy and procedures are reviewed with staff on an annual basis; records of staff review are tracked and maintained.
- AODA training is completed for all new staff during their orientation through a self-directed test; the training booklet is comprehensive and well suited for all positions; training records are checked and maintained. The self-directed test is completed on an annual basis by all staff.
- AODA policy and procedures are accessible to the public upon request and available on our website.

## **Statement of Commitment:**

Community Living Belleville and Area is committed to compliance with the "Accessibility for Ontarians with Disabilities Act (AODA) 2005" and is considered a Class 2 Organization for purposes of the act: private-sector organizations and non-profit organizations with 20 or more employees and must comply and file reports effective January 2012.

Community Living Belleville and Area, therefore, is committed to ensuring accessibility for all people with disabilities whether they are seeking services from our organization, seeking employment with our organization, visiting, or volunteering with our organization.

Year	General Requirements	General Deliverables Activities Requirements	Activities	Lead (s)	Status		
					Done	In Progress	On- going
